PROFESSIONAL SUMMARY

Motivated B.Tech Computer Science and Engineering (Cybersecurity) student at Haldia Institute of Technology with a strong interest in Offensive Security, Ethical Hacking, and Penetration Testing. Passionate about identifying security vulnerabilities and understanding how attackers exploit systems to help organizations strengthen their defenses. Hands-on learner with foundational knowledge of Linux, Networking, Python, Web Security, Social Engineering, Reconnaissance, and Vulnerability Assessment through practical labs and CTFs on TryHackMe and PicoCTF. Developing practical skills in attack-surface analysis, vulnerability identification, social engineering techniques, and security testing through hands-on security challenges and training. Eager to begin a career in offensive security, contribute to real-world security assessments, and continuously strengthen practical cybersecurity expertise.

EDUCATION

Haldia Institute of Technology, Haldia *August 2024 – Present*
B.Tech in Computer Science Engineering (Cyber Security)
GPA: 7.41/10 (up to 4th Sem)

Belda Gangadhar Academy, Paschim Medinipur, West Bengal, India *2022 – 2024*
Higher Secondary
Percentage: 79.4%

TECHNICAL SKILLS

- **Programming Languages:** C, Python, JavaScript, SQL, PHP
- **Scripting:** Bash
- **Web Technologies:** HTML, CSS
- **Operating Systems:** Linux (Kali Linux), Windows
- **Networking:** TCP/IP, OSI Model, DNS, HTTP/HTTPS, Subnetting (Basic), Network Defense
- **Cybersecurity:** Ethical Hacking, Penetration Testing, Vulnerability Assessment & Scanning, Exploiting Applications & Networks, Social Engineering Attacks, Threat Detection, Information Gathering, Security Reporting
- **Security Tools:** Nmap, Wireshark, Burp Suite (Basic), Hydra (Basic), John the Ripper (Basic), Aircrack-ng, Kismet, Gophish, Shodan, Google Dorks, Ghidra (Basic)
- **Core Concepts:** Cryptography, Database Management Systems (DBMS), Digital Electronics, Operating Systems
- **Platforms:** TryHackMe, Cisco Networking Academy, PicoCTF

EXPERIENCE

Cybersecurity Scripting & Automation Intern — IqraSec Academy *Sep 2026 – Present*
Virtual (Remote) — 1 Month

- Selected for a virtual internship at IqraSec Academy (MSME-registered), gaining practical, hands-on and mentored experience in cybersecurity scripting and automation.

ACHIEVEMENTS

- **TryHackMe Gold League — 1st Place:** won the weekly Gold League (Aug, 2026) with 2604 points.
- **TryHackMe Rank:** 164523 (Top 6%) with 86 completed rooms.
- **TryHackMe Badges (14):** Blue (EternalBlue exploitation), Metasploitable, Sword Apprentice (SQLMap), Shield Apprentice (FlareVM), OWASP Top 10, Networking Nerd, Webbed, World Wide Web, cat linux.txt, Cyber Ready, Session Held, 3-Day and 7-Day Streaks, and Gold League.
- **Credly Badges (Cisco Networking Academy, Verified):** Ethical Hacker (Oct, 2026) and Introduction to Cybersecurity (Sep, 2026).

CERTIFICATIONS

» Pre Security — TryHackMe (July 2026)
» Cyber Security 101 — TryHackMe (August 2026)
» Ethical Hacker — Cisco Networking Academy — View Certificate
» Cybersecurity Job Simulation — Mastercard — View Certificate
» Fundamentals of Information Security — Infosys — View Certificate
» Cyber Security Foundation Certificate — Infosys — View Certificate
» ISOEH (Indian School of Ethical Hacking), Cyraksha Kolkata — View Certificate
» ISEA ISAP CTF Hackathon, IIT Madras — View Certificate

INTERESTS

» **Technical:** Offensive Security, Penetration Testing, Web & Network Exploitation, Social Engineering, Red Teaming, CTF Competitions

PERSONAL DETAILS

DOB	27 September, 2005
Current Address	Haldia, India
Permanent Address	West Medinipur, West Bengal, India
